

U11/12 Division 3 – District Guidelines

General

- Please see [BC Soccer Referee Rules](#) and the [BC Soccer Small Sided Soccer Guide](#) for global rules and information.
- There are no standings in U11 and U12.
- Each club must appoint an Age Group Coordinator (AGCs) to coordinate the age groups for their respective divisions. AGCs are responsible for coordinating between club teams and district.
- District appoints a District Coordinator (DC) to coordinate the U11 and U12 third divisions for teams within District.
- The DC is responsible for the schedule and any other issues required for the division that require district involvement.
- Teams originating within a specific club and division must be balanced.

Scheduling

- The district schedule will not start until the third week of September.
- The first 2 weeks of September are to be used by clubs to schedule intra-squad games to ensure teams are equally balanced.
 - This will involve clubs scheduling their own match up schedules.
 - For clubs with a large number of teams this may involve scheduling multiple games on the same day for shorter durations.
- The overall schedule tries to be balanced with an approximately equal number of home and away games per team however the consequence of this is that the schedule will not be balanced in terms of teams played (due to how some clubs allocate dedicated home times and others allocate shared home times).
- Teams are responsible for scheduling and paying their own referees for home games.

Reporting Scores

- Scores are reported to the DC by AGCs until end of October each year.
- AGCs are to gather scores and send a single email with the scores by the Monday after game day.
- Scores are not made public. They are kept by district to ensure teams are balanced and to support requests for retiering.

Timelines

- Preliminary team names are to be submitted by the AGCs to the DC by the end of Labour Day weekend. Also included should be:
 - Home field location and time;
 - Coach, assistant coach and manager names and contact information; and
 - Any other required information.
- Teams are rebalanced at the Thanksgiving and Winter break by District and BCCSL personnel.
- Any tiering requests are to be submitted via the AGC and District Representatives. Requests are to be sent to the district scheduler and DC.
